OSC is a highly professional company based in Oxford, UK, with 20 years' experience specialising solely in the International Baccalaureate Diploma Programme. We have a fantastic reputation amongst IB schools worldwide. We offer support to IB students throughout their IB studies by providing effective vacation time revision courses and summer schools, in fabulous locations around the world. All our courses are taught by experienced IB teachers from top international IB schools who work for OSC during their vacation time. They are experts in revision and review and many are IB examiners.

The OSC team are extremely proud that our profits benefit the McCall MacBain Foundation, funding socially beneficial activities in health, education, and the environment – [mccallmacbain.org](http://mccallmacbain.org)

The OSC offers scholarships to deserving students to attend OSC IB Spring Revision Courses.

**Experience is everything**

**Worldwide reputation**

Over the last 20 years, OSC has developed an excellent reputation amongst IB schools, students and their parents. Our team visit IB schools worldwide to advise on revision techniques.

**Grouping by topic**

We understand that every student has different needs. All our students fill in an online questionnaire for each subject. Their teacher will prepare the class to meet the needs of the group, and ensures that any unusual requests are accommodated.

**OSC is international**

In 2009, over 2100 students attended OSC's courses from almost 400 IB Diploma schools based in 75 different countries. Between them, they took over 4100 courses and represented over 100 different nationalities.

Revising for exams alone is tough – maintaining momentum and ignoring distractions. Students on OSC's IB Revision Courses get more work done in a shorter time than they could have imagined – and enjoy it! Students work hard, make friends and leave OSC invigorated and confident. With a different teacher and new approaches, they rapidly increase both their understanding of and familiarity with their subjects, and their ability to write exams.

"The intensity of the OSC courses and the opportunity of working with so many highly motivated students, is always something that I look forward to."
